

BRIAND GOVERNMENT OF FRANCE FELL TODAY

BRIAND RESIGNS, SALES TAX PLAN LOST, 274 TO 221

BRIAND WARNED THE CHAMBER THAT CATASTROPHE THREATENED FRANCE

PREMIER THEN SAID HE WOULD NOT HELP GERMANY TO LEAGUE OF NATIONS

By A. L. BRADFORD
(United Press Staff Correspondent)
Paris, March 6.—The Briand government fell today.

Premier Briand resigned following an all night session of the chamber of deputies, which culminated in defeat for the government on the sales tax clause of the financial project by a vote of 274 to 221. The government was in a minority of 53.

The adverse vote ignored Briand's angry warning that catastrophe threatened France if the money bills were delayed.

Within an hour the cabinet's resignation had been received and accepted by President Doumergue, and Briand, "the man of Locarno," had announced he would not go to Geneva to help elect Germany to the League of Nations in pursuance of the agreements reached last autumn on Lake Maggiore.

Beseched by President Doumergue Briand said he might leave for Geneva tonight, but merely to participate in the "Locarno-like" conference scheduled for Sunday, the day before the league formally meets.

Taunted toward down by the socialists, because he did not make each clause of the financial project a question of confidence as it came to a vote, Briand angrily warned the chamber of the catastrophic potentialities of the situation and then conferred with the finance commission, where it was decided to make the sales tax a question of confidence and thus put full responsibility on the chamber.

While the vote was announced shortly after 6 A. M. the deputies who had stood with the aged statesman rose crying:

"Vive Briand."

The premier rose and leading his ministers marched from the chamber to an adjoining salon to write his resignation.

France now has about reached the end of her rope. Briand, who was considered to represent the last hope for solvency without a major political operation, was defeated when everyone expected him to win.

Joseph Caillaux, or the socialist senator, Rene Renoult, are believed to be the most likely choices for premier, if President Doumergue proceeds with an effort to form a new government, instead of proposing dissolution of the parliament and new elections, as he may do.

Caillaux, who failed to fund the French debt to the United States last September, has been expecting the present situation and is ready to resume power. The immediate political prospect is uncertain. Doumergue left for Lyons to attend the fair today and probably will not be able to begin conferences looking toward the formation of a cabinet until Monday.

POLITICAL AND MONEY CIRCLES REACT

By CLIFFORD L. DAY
(United Press Staff Correspondent)

London, March 6.—Political and financial circles reacted to the French government resignation today as though it had been a bomb charged with TNT.

The franc stood at 134 1/2 to the pound sterling, compared with yesterday's close at 130.

The League of Nations council situation appears to be most confused. Politicians suspect the resigned French premier, Briand, to be endeavoring to compel Sir Austen Chamberlain, the British foreign secretary, to seek definite instructions to support the French demand for a permanent League of Nations council seat for Poland. In exchange for this concession it is suggested that Briand might consent to attend the League meeting at Geneva and thus support Britain's effort to maintain the Locarno agreements.

Washington, March 6.—Fall of the Briand ministry in France will further delay funding the \$4,000,000,000 French debt to America and temporarily interfere with the Locarno stabilization of Europe, according to opinion in diplomatic and congressional circles here today following Briand's fall.

Rumor Houghton May Succeed Frank B. Kellogg

SOAP FACTORY BLAZES; ALARMS NEARBY MENAGERIE

New York, March 6.—(UP)—While lions, tigers and monkeys, part of a Coney Island circus, snarled and squealed in their winter quarters at Richmond Hill, fire early today swept the plant of an adjacent soap company.

Cages herding 60 animals were as close as 25 feet to the blazing factory. Fearing that some of the beasts would escape Queen's police rushed machine guns to the fire and mounted them at vantage points around the menagerie. However, none of them was needed.

The blaze was confined to the factory, which sustained damage estimated at \$90,000.

SEEK TO BAR REPORTERS FROM PRINTING STORY

MISSISSIPPI JUDGE PUT BAN ON INFORMATION CONCERNING MURDER TRIAL

GOOD REPORT OF FAVRE CASE SEEMS TO SEEP THROUGH JUST THE SAME

By DON M. HIGGINS
(United Press Staff Correspondent)
Court House, Bay St. Louis, March 6.—With reporters under stringent orders not to publish details of the case and the widow of his two victims sitting a few feet away from him, Jesse Favre, ex-team driver and suspected moonshiner, went on trial today charged with the murder of two government employees.

The trial officially got under way after Judge Walter A. White who imposed the gag rule on the press, overruled a motion by Favre's counsel to reopen argument for a change of venue, which had been denied earlier in the week.

Witnesses for the state numbering 21 were sworn. There were eight defense witnesses.

The young widow of John A. McLemore, one of the slain entomologists, was the first witness. As she gave her testimony reporters sharpened pencils and took notes.

Judge White gazed down impassively at the press table but made no move to interfere with the reporters. It was expected inasmuch as the order was directed only against publication of testimony and information purporting to be facts in the trial, the test of the rule would not come until after papers carrying the trial news arrive here.

VOTE 3 P. M. ON MONDAY ON MUSCLE SHOALS

Washington, March 6.—(UP)—A unanimous consent agreement was reached in the senate late yesterday to vote at 3 p. m. Monday on the Coolidge Muscle Shoals resolution, authorizing a special congressional committee to negotiate a lease of the project.

CREDIT MEN TO MEET AT DULUTH

Duluth, March 6.—(UP)—Three hundred credit men from Minnesota and North Dakota will attend the eleventh annual northwestern conference to be held here Monday, March 8, according to those in charge of arrangements for the meeting.

ELECTRIC RAILWAY FREIGHT DERAILED, 2 BURNED TO DEATH

Lorain, O., March 6.—(UP)—Two men were burned to death and four freight cars were destroyed when a Lake Shore Electric railway freight train jumped the tracks on a curve two miles west of Lorain today and burst into flames. The men were members of the crew. The men were later identified as Edward Crump, Lorain, motor-man, and Herbert Courtney, Avon, O., conductor. The latter is survived by a widow and five children.

CHICAGO ASKS NO OUTSIDE AID TO FIGHT CRIME

MAYOR WM. E. DEVER MAKES A FORMAL STATEMENT TODAY

COMES TO THE DEFENSE OF THE CITY ADMINISTRATION

Chicago, March 6.—(UP)—Chicago needs no outside help to take care of its criminal situation, Mayor William E. Dever announced today in a formal statement in defense of the city administration.

Dever's statement followed an exhaustive personal investigation of crime conditions in the city that has been named "crime capital of the nation."

He made the investigation as a result of charges by Chicago's Better Government Association to a senate committee that Chicago is overrun with criminals and "crooked politicians."

"I do not believe the criminal situation in Chicago is any worse than in any other large city of the United States," the mayor said. He included in his statement a detailed record of investigations he has made.

WET PARTY TAKES NORTH DAKOTA FIELD

WHERE PROHIBITION HAD BEEN IN FORCE SINCE ADVENT OF STATEHOOD

MODIFICATION OF THE VOLSTEAD ACT IS FAVORED BY POLITICAL PARTY

Bismarck, N. D., March 5.—(UP)—A wet political party took the field today in North Dakota, where prohibition has been in force since the advent of statehood in 1889.

At a meeting sponsored by the Better Citizenship Association, about 300 North Dakotans, favoring modification of the Volstead act to allow manufacture and sale of light wines and beer, launched their movement into politics.

An executive committee, composed of three delegates was named to select congressional candidates from each of the three districts in the state and a senatorial candidate for both the long and short terms.

The committee will also determine whether the new party is to enter the June primaries on the republican or democrat ballot. F. W. Mees, Mandan, permanent chairman; A. E. Becker, Linton, secretary, and G. G. Badke, Golden Valley, treasurer, comprise the executive committee.

FORT ATKINSON MEN CONDEMN THE BRASSIERES

Fort Atkinson, Wis., March 6.—(UP)—Any woman who wears a brassiere so as to cut off circulation and shrink her breasts is undeserving of the name of woman, and 27 male signers of a letter to the editor of the Jefferson County Union, local weekly paper, declare their intention of asking congress to "do its utmost to break down these rotting brassieres as an evil that menaces the future well being of society."

"We note," says the letter, "many more women wearing breeches than before. We can stand for that, but this new fad, slabbed dresses, flat in front, showing women in the fashion pictures as flat chested as man, we regard with jealous eyes as an infringement, a usurpation of masculine rights, a destruction of feminine beauty that calls for severe condemnation."

"In the name of high heaven, what are these poor women to do when the robust style comes back, as it surely must?" "It cannot be possible that our dear and respected members of the female sex, who so nonchalantly go to the stores and buy these destroyers of feminine loveliness, have any idea of the vastness of the crime they are perpetrating upon noble masculinity."

WHOLE FAMILY MAY HAVE FALLEN THROUGH THE ICE

Leamington, Ont., March 6.—(UP)—Relatives, neighbors and friends of the missing James Phipps' family renewed search of Lake Erie today in an effort to solve the mystery of their disappearance after setting out on an automobile trip from Pelee Island last Monday.

Phipps, his wife, Lula, and their children, Paul, 8; Hazel, 5, and Paul, 3, are believed to have met death when their small sedan, it is feared, struck an open water patch in a storm during the 18 miles trip to the mainland.

Airplanes scanned the ice highway yesterday and were expected to fly low over the lake again today for some sign of the missing sedan. Nothing was seen during the flights to indicate how the family disappeared, except a few open places, any one of which might have claimed the automobile.

ROBERT J. BENDER TO TRACE CAREERS OF A NEWS ITEM

New York, March 6.—(UP)—The story of the collection of telegraph and cable news by a world wide news gathering organization will be told by Robert J. Bender, general news manager of the United Press associations from station WOR, Newark, on Saturday evening March 6, at 8:45 o'clock.

Bender's talk will trace the development of the press association and the careers of a news item from the time it becomes news to its delivery to a reader of a newspaper.

Bender is in charge of the news department of the United Press which collects and distributes telegraph news for approximately a thousand daily newspapers in the United States.

MOTOR BUS OVERTURNS AND PREY TO FLAMES

TOPPLED OVER HIGH EMBANKMENT BETWEEN HOMER AND LA MOILLE

2 DRIVERS AND 2 PASSENGERS SUFFERED MINOR INJURIES

LaCrosse, Wis., March 6.—(UP)—A motor bus bound from the Twin Cities to LaCrosse left the road and toppled over a high embankment between Homer and LaMoille, Minn., early today.

Two drivers and two passengers suffered minor injuries and were brought to a hospital here for treatment. The condition of none is considered serious.

Flames broke out when the overturned bus came to rest at the foot of the embankment. The vehicle was completely destroyed.

Slippery condition of the road from the wet snow that fell throughout the night was thought responsible for the accident.

Congress Today

Senate: Muscle Shoals debate. Final count of contested ballots in Brookhart-Steck contest to be concluded by elections subcommittee.

Agricultural committee continues hearings on Haugen cooperative marketing bill.

House: Considers state, justice, commerce and labor appropriation bills.

Agriculture committee considers farm relief.

Ways and means committee hears General Andrews on prohibition.

Congress 100 Years Ago Today

Senate: Defeated motion to discontinue appropriation for salary of commissioner and arbitrator of treaty of Ghent.

House: Continued debate on resolutions to amend constitution to provide definite methods for election of president and vice president.

HOTEL FIRE AT OMAHA KILLS TWO

SEVERAL OTHER GUESTS INJURED IN COMMERCIAL HOTEL FIRE

BILL DALEY LOST LIFE TRYING TO SAVE HIS BROTHER JOHN

Omaha, Neb., March 6.—Two men were burned to death and several other guests were injured in a fire which damaged the Commercial Hotel in South Omaha early today.

The dead were John and Bill Daley, brothers, employees of the Omaha stockyards.

Bill Daley lost his life in an effort to save his brother, firemen said. Bill was awakened and went to John's room across the hall to awaken him.

John apparently had become overcome by smoke. Bill tried to carry him out of the room, but apparently was overcome just as he reached the door, for firemen found the door was blocked by their bodies.

The fire fighters were forced to break down the door to get to the bodies.

TEXTILE WORKERS CLAIM LEGAL RIGHT TO PICKET

MEDIATION OF THE STRIKE, NOW ENDING SIXTH WEEK, MAY BE POSSIBLE

GOVERNOR OF NEW JERSEY OFFERS HIS SERVICES AS A MEDIATOR

Passaic, N. J., March 6.—(UP)—With the arrest of Chief of Police Zober and two patrolmen expected today, striking textile workers are hoping that they may establish in their right to picket.

Five complainants asked for the warrants of arrest, swearing that Zober, Cornelius Struyk and Edward Hogan had struck them with clubs during recent clashes between police and strikers. It was necessary for Justice Katz to go to Paterson before he could find a constable who would serve the warrants.

Mediation of the strike, now ending its sixth week, with 12,000 men, women and children out of the mills in this vicinity, became a possibility today.

Governor Harry W. Moore said he would be willing to mediate between strikers and mill owners, if both sides agreed to urge his services.

Albert Weisbord, strike leader, said the workers would be willing to accept the governor's efforts, but would not let him arbitrate. The owners have not as yet commented on the proposal.

Difficulties were encountered in the serving of warrants on Chief Zober and the patrolmen. After two local constables had refused to serve the warrants signed by Justice of the Peace Katz, he gave them to Constable Barrow of West Paterson.

Today Barrow came into the office of Justice Katz, handed over the warrants and said: "I must refuse to go any farther with this matter."

Justice Katz said he would confer with County Prosecutor De Yoe later and ask assignment of a deputy sheriff to execute the warrants.

TOM BROWN SUMMONED TO LIQUOR HEARING

St. Paul, March 6.—(UP)—Tom Brown, a police detective, today received telegraphic summons to appear before the federal grand jury investigating national bootlegging activities in Cleveland.

Brown, however, said he would not obey summons until a subpoena was served upon him. It is believed he is wanted to give testimony concerning bootlegging here during a previous police administration.

Five St. Paul truck drivers are to leave for Cleveland tonight or early tomorrow to give testimony.

EPIDEMIC PLAGUE BREAKS OUT IN BRITISH INDIA

Allahabad, British India, March 6.—(UP)—Epidemic plague has broken out in the united provinces.

It is announced officially that 1,143 persons died in a week in Agra and Oudh. There were 419 deaths in the town of Azamgarh.

Plague is seasonal here. It occurs coincident with the approach of hot weather.

Agra and Oudh, formerly known as the northwest provinces, now are the united provinces. Allahabad, "the city of God," is the capital, famous for its fairs, the chief trade center in central Hindustan and a sacred city for Hindus, who visit it as pilgrims.

2 ACCUSED OF MURDER MAKE DENIAL

MERRILL BEARDS AND LEON OVETT PROTEST THEIR INNOCENCE

ARE CHARGED WITH MURDER OF 2 ST. PAUL POLICEMEN IN PAL'S CONFESSION

St. Paul, March 6.—(UP)—Merrill Beards and Leon Ovett, accused of murdering two policemen here by Virgil Baker, their confessed confederate in a number of holdups, persistently denied any knowledge of the crime when police examination was resumed today.

The trio was captured at Menominee, Wis., last week when they fled the Twin Cities in a stolen automobile. Returned here, they confessed numerous robberies on the night of the double murder, but denied any part in the slayings.

Yesterday Baker at his own request, gave police a statement charging his two companions with the shootings. With a fourth confederate, Baker said, he left Ovett and Beards three hours before the murders. The next day he said they boasted of killing two policemen.

This testimony corroborated that given soon after the band was taken by E. J. Fay, Minneapolis. He identified two members of the gang as the men who bragged to him of "bumping off two cops."

Although skeptical of Baker's confession, police continued their investigation today, questioning the accused pair and searching for the gun used by Beards. They regard Beards who is only 19 years old, as the brains of the band. He refuses to be awed by police power, striking at inquisitors sullenly, evading direct answers to their questions.

DR. W. B. RILEY REFUSES TO STAY 'DEAD' AFTER REBUFF

Minneapolis, March 6.—(UP)—Dr. W. B. Riley, barred from speaking at the University of Minnesota on evolution refused to stay "dead" after the university officials had cancelled his engagement. Yesterday he arranged for the Kenwood Armory and will deliver his address Sunday.

Dr. Riley has reserved almost half the seats in the auditorium for university students and has tendered Dean Kelly a special invitation to a "cushioned chair" on the platform.

ICE CO. BOARDING HOUSE DESTROYED

Burlington, Wis., March 6.—(UP)—Fire of undetermined origin destroyed the Consumers Ice Company's boarding house here at a loss estimated at more than \$20,000.

WM. JENNINGS BRYAN LEFT ESTATE OF OVER A HALF MILLION

Miami, Fla., March 6.—(UP)—The late William Jennings Bryan left an estate valued at \$363,303, it was disclosed in an affidavit filed in probate court by three appraisers.

Mrs. Mary Baird Bryan, the commoner's widow, is executor of the estate.

AMBASSADOR AT LONDON TO MEET PRESIDENT

EUROPEAN DEVELOPMENTS ARE TO BE TALKED OVER

ALSO POSTPONEMENT OF LEAGUE OF NATIONS PRELIMINARY ARMS PARLEY

By LUDWELL DENNY
(United Press Staff Correspondent)

Washington, March 6.—Announcement of the immediate return from London of American Ambassador Houghton revived reports here today that he is being groomed to succeed Frank B. Kellogg as secretary of state.

The primary object of Houghton's visit is to confer with President Coolidge on important recent European developments, including postponement of the League of Nations preliminary arms conference.

But the present slight illness of Kellogg emphasizes the fact that his doctor has urged his retirement.

It was said at the time of his appointment last year that his tenure would be temporary. If Kellogg resigns before the November elections, as expected, Houghton is considered the logical successor. Next to Charles B. Warren of Detroit, whose nomination as attorney general was rejected by the senate, Houghton is the president's closest adviser on foreign affairs.

The only obstacle to Houghton's promotion, according to political observers, is that he is relatively a low tariff republican and therefore not popular with Senator Butler, head of the republican national committee. They add, however, that Secretary Mellon will probably resign this summer and be succeeded by Dwight Morrow of New York.

Since Morrow and Houghton are in general agreement on tariff matters as well as foreign policies, the Butler obstacle to Houghton as a cabinet member probably would be removed.

SENATE ASKS KELLOGG FOR MEXICAN DATA

Washington, March 6.—(UP)—The senate today called upon Secretary of State Kellogg to make public all official correspondence between this government and Mexico in reference to American oil interests in Mexico.

A resolution by Senator Norris, republican, Nebraska, calling for publication of the correspondence, was adopted without objection.

I. C. C. TO PROBE WESTERN COAL RATES

Washington, March 6.—(UP)—Differences in proposed rates on bituminous coal from Illinois mines to Minnesota destinations by rail and water will be investigated by the Interstate Commerce Commission.

The commission today suspended until July 6, proposed increased rates on the Minnesota Western railroad and proposed reductions in rates from Lake Superior ports to the same Minnesota destinations.

CATCHING OF BOOTLEGGERS COSTS MILLIONS

Washington, March 6.—(UP)—Catching bootleggers and rum runners this year will cost the government \$25,231,000, Lincoln C. Andrews, chief of prohibition enforcement informed the house ways and means committee today.

Of this amount \$9,678,000 goes to the prohibition unit and the rest to the coastguard.

WAR DEPARTMENT NOT TO UPSET ECONOMY PROGRAM

Washington, March 6.—(UP)—The war department let it be known today that it will not insist on its five year project to triple the number of army airplanes in the face of President Coolidge's economy objections.

Word received from Mr. and Mrs. E. O. Webb indicates that they left St. Petersburg, Fla., on Thursday evening, and expected to arrive at New Orleans, La., this morning. They state that they may not take the Caribbean Sea trip, as they had hoped, because of a small pox and yellow fever scare at Havana.

Presbyterian Supper and Sale The Presbyterian supper and sale will be held Monday, March 15, in the Walverman block, on Front street.

SHERIFF'S SALE POPULAR Many Attend Sale of Cars, Brisk Bidding, Good Prices Received For Machines

A good crowd attended the sheriff's sale of automobiles this morning, with bidding on the various machines brisk, and good prices received for them. Sheriff Fred J. Reid acted as auctioneer.

The Nash seven passenger touring car was bought by J. M. Hayes for \$460. The Oakland Six, four passenger coupe went for \$455, the purchaser being Robert Nicholl of the Service Motor Co. John Ringler bought back his own car, the Chevrolet touring, for \$180, while Evert Isaacson was the successful bidder on the Ford coupe, at \$160.

To Keep Knives Bright When steel-bladed knives are to be laid away, rub them with mutton suet, wrap well in paper, and they will not rust. Be sure to use mutton suet, as beef suet does not harden. When taken out again and washed off, they will be ready for immediate use.

40 APPLY. D. B. C. GIRL WINS PLACE

Lorna Woods (now of Seattle) writes to Dakota Business College, Fargo: "I have just been selected stenographic secretary for Perkins Investment Co. over 40 applicants, thanks to my D. B. C. training."

Dakota-trained pupils make good everywhere. Students get actual "experience" in completely equipped offices, keep regular business hours 6 days a week. (Copyrighted course—unobtainable elsewhere.)

600 banks engage D. B. C. graduates. So do all leading courts. Watch results. "Follow the Successful" Monday. Write F. L. Watkins, Pres., 806 Front St., Fargo

Foster-Father Discovers He's In Love With Girl, Has Adoption Annuled, and Now They're Married

Above are shown Mr. and Mrs. Arthur J. Brooks of Boston. Brooks, 50 years old, was formerly the foster-father of his wife, 32 years old, who was Catherine Gillett. After the adoption, Brooks found that he loved the girl and had the adoption annuled. The happy couple are now on an extended honeymoon trip to Cuba.

DOG DERBY HAS MANY ENTRIES

Dogs Come From All Sections of Town as the Derby Started

GATHERED AT Y. M. C. A.

Prizes Will be Given Out Tonight at New Park Between Shows

The entire kid population was on hand an hour and a half early this afternoon to witness the first annual Dog Derby of the American Legion. Many entries were received at the last minute.

The course was along South Broadway, from Oak street to Laurel. The committee in charge announced that the prizes will be given out tonight between shows at the New Park theatre. All boys who had dogs entered in the derby will be given free tickets to the show.

The blanket of snow that descended during the night and morning gave a carnival touch to the race, and people came in from miles to see the event.

Alvin Fox Wins All Alvin Fox, with his water spaniel "Brownie" won all honors at the dog derby, which ended just as this goes to press.

In the first race, nine were entered, and the boys allowed to lead their dogs. Alvin Fox won this race, with Loyde Coyne second, and Lloyd Ebinger third.

The second race ended with the same three finishing in the same order. Four were entered in this race. The boys had to ride their sleds in this race.

In the third race, the determining one, Loyde Coyne was in the lead to within thirty feet of the end, when his dog "Ted" began listening to the crowd and gave up his lead to "Brownie." The same three finished in the same order this time also.

In Better Taste

FORTUNE TELLER MAY BE CALLED INTO TRIAL

MIND READING ABILITY MAY BE
BASE OF AN AP-
PEAL

TO SAVE LIFE OF CONVICTED
IDAHO MURDER-
ER

Wallace, Idaho, March 6.—(UP)—The mind reading ability of a fortune teller may be the base of an appeal to save the life of Lee Foyte, convicted murderer of James Montgomery, 22, of Valley City, N. D., it became known today. Montgomery was killed with his own gun and his body concealed in a hollow stump near Herrick, Ida.

Foyte was arrested shortly thereafter and told a strange story of how Albert Timmel had killed Montgomery and forced Foyte to assist him in concealing the body. He was paid \$1,000 as hush money, Foyte said.

Timmel's arrest followed but he was acquitted and Foyte was tried, found guilty of murder and sentenced to hang.

Strong evidence against Foyte was a chain of gold coins and a watch belonging to Montgomery, which were found in his possession.

Foyte claims to have a statement from a fortune teller that a man came to her after the murder to have his fortune told. She read his mind, says the statement, and told him he had committed murder.

THE GUANACOS

"Good-morning, Mrs. Guanaco."
"Why, good-morning, Mr. Guanaco."
"And pray tell me just why you say 'Why' before you say good-morning?"
"For no reason at all," said Mrs. Guanaco.
"I am glad of that," replied Mr. Guanaco.
Now the guanaco is about the size of the llama, or about the size of a small deer.

It has thick, shaggy hair which is rather soft and of a red or auburn shade.
"I have no hair on my legs in some places," said Mr. Guanaco.
"Neither have I," said Mrs. Guanaco.
"We're very much alike," said Mr. Guanaco.

"It's because we belong to the same family," said Mrs. Guanaco.
"How dull our conversation is," Mr. Guanaco said after a moment.
Mrs. Guanaco was far from being insulted or angry.
She smiled in guanaco fashion and said:

"We are dull, it is true.
"We are just about as stupid as it is possible to be. And yet people think we are interesting. I suppose they judge us from our looks.
"Our looks are better than our brains. They're more useful. Our brains are not much, not much," she said.

"The only trouble is," said Mr. Guanaco, "that we're so stupid that often we are killed because we haven't the sense to get out of the way or protect ourselves."

"We haven't been killed often, have we?" asked Mrs. Guanaco.
"I should say we haven't," replied Mr. Guanaco. "If we had we wouldn't be here now."

"To be killed once is enough, quite enough, and too much for any creature."

"Oh," said Mrs. Guanaco.
"Now I understand," she added, after a moment.

"Are we apt to be killed here in the zoo?" she said a little later.
"Oh, no," said Mr. Guanaco, "we are safe here. In South America where

It Has Thick, Shaggy Hair.

our family lives there are always such chances, but here we are quite, quite safe."

"Oh, how blissful," said Mrs. Guanaco.

"To be safe and to be stupid, to eat and dream and never to think or get tired out working our heads off with plans and schemes—what a wonderful thing life is then."

"Yes, life is wonderful when one is a guanaco and is stupid enough never

LON CHANEY in "THE UNHOLY THREE"

"The Unholy Three" is Great Underworld Film

There is no lack of thrills and entertainment in Tod Browning's crook drama, "The Unholy Three," a Metro-Goldwyn-Mayer production, showing at the Lyceum theatre on Sunday and Monday.

Indeed, it may be said that Browning has made more than a good un-

derworld picture. He has made a melodrama that will go over anywhere with a bang because it contains real heart interest, plenty of comedy and a lot of drama.

The story is a most unusual one and deals with a trio of freaks—a giant, a midget and a ventriloquist—who forsake their life in a dime museum to pursue a career of robbery and murder.

Terrific Climax Provides Sensational Thrill in "That Royle Girl"

After seeing "That Royle Girl," D. W. Griffith's current film success at the New Park theatre, it is easy to believe that, if ever the screen's mightiest thrills are catalogued, the cyclone-climax in this new cinemasterpiece will, like Abou ben Adhem, lead all the rest.

The terrifying spectacle of an entire village flooded with a torrential rain, of whole buildings collapsing, of roofs and walls flying through space, of trees falling, apparently on the players, of automobiles hurled about as if they were toys, of human beings battling desperately to save themselves from Nature's maniacal fury, certainly carries a powerful punch and gives film fans something to remember for many a day.

Texas Fig Industry

The fig industry in southeastern Texas is growing rapidly and possibly not more than half of the trees have yet come into bearing. Thousands of acres have been planted during the last two years, and several large plantings will be put in this winter, according to local reports. This seems to be the crop best adapted to the fertile, level, coastal plain country of Texas.—Washington Star.

Aluminum Products

Metallic aluminum was first produced by F. Wohler at Gottinger, Germany, in 1827. Until about 1885, when the first electrolytic methods were used, aluminum was very expensive and was produced by reducing aluminum compounds with metallic sodium or potassium. The Aluminum Company of Oldbury, England, was formed about 1886 to produce under the Castner patents.

Hunt Meteorites by Mail

This may seem a novel method of searching for rare meteoric finds, but it has proved to be efficacious. The curator of geology of the United States national museum corresponds with the nearest postmaster to a reported find, and the latter is usually able to put him in touch with persons who can give reliable facts.

THIEVES ROB

HABERDASHERY

Chicago, March 6.—Two bandits entered F. W. Bartholomew's haberdashery today, held up clerks and the cashier and escaped with \$4,000 from the money drawer.
The Bartholomew Company makes a practice of cashing checks for railroad employees on Saturday and the large amount of money in the drawer was attributed to this.

BED FIRE

PROVES FATAL

Milwaukee, Wis., March 6.—(UP)—Burns suffered early in the week when his bed caught fire proved fatal to Henry B. Goodrich, 74, at a hospital here last night. The dead man is a brother of William O. Goodrich, president of the W. O. Goodrich Company.
An investigation was begun today by the coroner.

Cape Coats Promise to

Be Fashion for Spring

From present indications the cape coat will be a very elaborate coat style for spring. Quite a number of these cape coats already are being worn. A double-breasted green cloth coat was made with a short cape bordered with horizontal stitching to match. It had no fur trimming, but a silver fox was carried to complete the costume.

It is quite apparent that women this season have selected coats that are not only smart, but comfortable, too. Probably annoyed with the single button coat that blows open with the slightest gust of wind, many smart women are wearing cloth coats that button from the throat to the very bottom of the hemline.

Yokes

Even though women have long been emancipated they still wear the yoke—with evening costumes. This is one of the newest features of this year's fashions. The yokes are usually of a different shade than that of the gown. Sometimes they are formed of the most delicate of lace.

SATURDAY, MARCH 6, 1926

LAXITY OF GOVERNMENT OPERATION

PRESIDENT COOLIDGE has always maintained that what this nation needs is less government in business. True, the government conducts the postoffice, but that is as far as it should go. The government prints return addresses on stamped envelopes and does it cheaper than any country printer can turn out the work in large quantities. That puts the government in direct competition with established business and the country printer, who sees such a market for his goods disappear, himself contributes to keep the government and his principal competitor alive.

Government operation of the telephone, wherever tried, has proved a sorry mess, as revealed by Merle Thorpe, writing in the Nation's Business Magazine. He says the Europeans are discovering that telephone systems exist primarily to facilitate communications, and with that in mind there is a general movement to take them out of government ownership and place them under private management. In France, just try to use a telephone in Paris, the French Chamber of Commerce has asked the government to make the change. Greece and Spain have turned over their government systems to private operators, and Italy has made a similar arrangement.

"Prof. Michael Pupin, born in Europe, says the growth of the telephone industry in America is due largely to the research work that has been maintained year after year, at a cost of millions, by private companies. 'Very few of the great advances in telephone art would have happened under government ownership,' said Prof. Pupin. 'That explains why telephony is practically dead in most European countries.'

"Easy to understand. A government monopoly can never have the drive behind it, the incentive that goes with private ownership—always forced to keep a lap ahead of competition or the public's lash."

CHAMBER OF COMMERCE LUNCHEONS FOR FARMERS

THE success attending the complimentary luncheons given the farmers by the Chamber of Commerce has caught the attention of the outside world and yesterday Mrs. Vivian Elver Tibbitts of North Bend, Wisconsin, came all the way to Brainerd to see what has created the stir in promoting better feeling between town and countryside.

Newspaper men know Mrs. Tibbitts, for at the time of "Better Sires Day" in Brainerd she published a page story with many pictures telling all about the Chamber of Commerce presentation of pure bred sires to the farmer units, an achievement which still draws praise and which has even been formally noticed by the United States government and its department of agriculture. At that time Mrs. Tibbitts was assistant editor of The Banker-Farmer, published at Madison, Wisconsin. In her visit to Brainerd she covered further steps in the Better Sires movement, work of our active County Agent E. G. Roth, the various farm projects and acquaintance tours of the Lions clubs, the better acquaintance with the farmers committee of the Rotary club, and the complimentary luncheons for farmers as sponsored by the Chamber of Commerce, and also giving some space to the attention THE BRAINERD DISPATCH is according agriculture and dairying.

Her extended story will appear in the Farm Journal Merchants Supplement published at Philadelphia and which will secure nation-wide publicity.

The thing which particularly appealed to Mrs. Tibbitts is the fact that this town takes up the agricultural and dairying situation without waiting for the government to do things.

WORTH GOING AFTER

[St. Cloud Daily Journal-Press]

THE Journal-Press suggestion that the Upper Mississippi river should be included in the navigation plan from Minneapolis to St. Cloud and other river points up to Grand Rapids, has received the endorsement of the Brainerd Dispatch and the Hibbing News. The latter makes the following comment:

Hibbing's nearest Mississippi point is Grand Rapids, about forty-five miles to the westward, with the Great Northern railroad as the connecting link. The Duluth, Mesaba & Northern railroad touches Colesburg, only nine miles distant from the big river, but it is not likely these concerns would be interested in cheaper water transportation unless they were holders in the large companies. However, that would not necessarily interfere with the development of the water way, which would no doubt find some iron ore to transport, and many other articles that are now carried by rail.

There would be more freight for barges north of St. Cloud than from both the Twin Cities. Water transportation would be a tremendous stimulus to the northern Mississippi valley, and the including of this territory would go a long way towards making the venture a success. Freight by the river up to St. Paul has not in years past been very successful. In former days when railroads were free to make their own rates they met river transportation by as low freights and quicker service. Conditions have changed somewhat, and the building of the Panama canal has created a new condition.

To get river transportation north of Minneapolis requires a positive demand. It will not come by merely thinking about it.

MINNESOTA farm lands showed increased sale activities during the past year, it was announced at the Minnesota Realty association gathering at Minneapolis. Many city dwellers are buying suburban farms.

As usual, all flowers and unnecessary expense has been eliminated from the Junior Ball of the University of Minnesota. Every effort has been made to make the great social event "democratic."

WOMEN's clubs have commenced a drive against unsightly billboards. They aim to exclude them from the residential sections and country drives.

NORTHWEST states are combining in war on grain smut. The plant disease is said to cost the farmers of the Northwest \$8,000,000 annually.

FARMERS institutes are being held throughout the state. The one at Brainerd had maximum attendance.

MINNESOTA Daughters of the American Revolution have added new chapters at Aitkin and Minneapolis.

Selecting Outfit for Long Journey

Smartness of Clothes Is Important; Duds Should Be Conservative.

Traveling is one of the fine arts, an important phase of which is the choice of proper clothes. Particularly to the feminine nomad, smartness is imperative, notes a fashion writer in the New York Herald-Tribune, and yet it should never be bizarre or aggressive. Conservative, tasteful chic is what is most admired in a stranger arriving on en route, and that should be the basis of the traveling costume.

The ideal of the woman traveler is to arrive at her destination, no matter how long the journey, looking as if she had that moment left the hands of a deft and experienced maid. This sounds difficult of achievement, but to the habitues it is relatively easy. Like everything else, it requires care and consideration.

First and most important comes the choice of the actual traveling outfit. Whether the journey is to be made by train or automobile, there are two qualities essential to the smart traveling dress. It must be made of material that does not crease easily and it must be of a color that will not readily show the dust. Of course, traveling always seems to bring out a fatal defect in any shade. The dark tints form a background for light-colored dust and the light ones seem to attract soot as if by magic. Nothing is quite perfect, but beige and medium grays are as safe a choice as any.

Full Length, Moleskin-Lined Coat, Suitable for Traveling.

Kasha, tweed, cheviot and English suitings are the best materials for winter traveling, and a fur-lined coat that is roomy enough to slip on over a tailored suit or a dress and a lighter weight coat is an essential.

A two-piece jumper dress with plaits on both hips, with the front and the back of the skirt plain, is ideal for traveling. Its perfection is achieved by Chanel, who has reduced all superfluous detail to an absolute minimum. A round or slightly squared neck, sometimes finished with a narrow scarf that has importance enough to be smart and is small enough not to be cumbersome, straight sleeves that are just loose enough to be comfortable, a narrow belt and little pockets for the handkerchief and powder puff, are all included by this clever designer, who never puts a vestige of trimming on a traveling suit.

Uneven Effects Shown in Styles for Spring

Uneven effects are emphasized anew in the new styles. One of the manifestations of the vogue is skirt fullness arbitrarily spotted here and there. A cluster of plaits may decorate only one side of a skirt, or circular fullness may be concentrated at one side.

Uneven neck lines and one-sided effects of scarfs and draperies, even of collars, play this same game but skill is necessary to its success. The sloping décolletage with the single shoulder strap is well established.

In balanced treatments greater emphasis on the sides may be expected. Even coats for spring that otherwise would be straight will often indulge in a side seam inverted plait. Clusters of plaits each side from the hip down will be stressed in coat and dress models alike.

Hat of Green Fur Felt

One of the most charming of the little French hats just imported is of green fur felt. The crown is high and the sole decoration consists of a huge spike of rhinestones which is thrust through the crown, holding it in three short folds at one side.

Roman Striped Negligee

Wide Roman scarfs are used to make a negligee that is very smart and quite different. In one instance the colors are of red, bright blue, green and black.

Modern Betsy Rosses Sew Stars to Blue Field at Government Flag Factory in Philadelphia

The government operates the largest flag factory in the world at the Quartermaster Intermediate Depot in Philadelphia. Thousands of army flags of every possible model and design are the annual output of this plant but mechanical fingers duplicate the work of Betsy Ross. There are 13 operations in the manufacture of a flag. The above photograph shows the modern Betsy Rosses at their sewing machines, stitching the stars on the blue field.

Tidal Wave's Movements

In general it may be said that the rate at which a tide wave proceeds depends on the depth, the formula being: Rate of the advance of the tide equals the square root of the acceleration of gravity, multiplied by the depth of the water. Therefore, in a deep channel the tide progresses at a more rapid rate than in a shallow channel.

Painter Used No Brushes

Adolphe Monticelli, a French painter of Italian descent, used no brushes in painting his pictures. He applied the paint direct to the canvas with a palette knife on which he squeezed his colors from the tubes.

Immortality Condemned

"The man who writes an immoral but immortal book may be tracked out eternally by a procession of lost souls from every generation, everyone to be a witness against him at the judgment, to show to him and to the universe the immeasurableness of his iniquity."—G. B. Cheever.

Man and His Creator

He fell to work, whistling softly, and was swallowed up in the keen, clear joy of creation, which does not come to man too often, lest he should consider himself the equal of his God, and so refuse to die at the appointed time.—Kipling.

The Pyramids

The "Pyramid Field" lies in the eastern desert near Cairo, Egypt. There are altogether about seventy pyramids, nineteen of which have been identified. The best known are the three pyramids of Giza (Gizeh), that of Unas, the brick pyramid of Dahshur, and that of Sneferu at Medium. They are said to be the tombs of royal and august personages.

Savory KITCHEN BOUQUET

Adds rich color and delicious flavor to soups, gravies, stews, sauces and meat dishes. Prepared from the aromatic juices of fresh garden vegetables. Pure, wholesome, nourishing.

Mushroom Sauce

3 tablespoons Kitchen Bouquet; 1/2 cupful butter; 1/2 cupful flour; 1 teaspoonful salt; dash cayenne; 1 teaspoonful onion juice; 2 cupfuls milk; 1 can mushrooms. Melt the butter, add flour and milk gradually, stirring all the while. When cooked, add the salt, cayenne, onion juice and Kitchen Bouquet. Drain and chop mushrooms, add to sauce and cook three minutes.

At good grocers everywhere

All members of the "Forward Movement" committees are asked to meet at the close of the morning service for a short meeting.
Senior E. L. C. E. business meet-

DR. ROY SMITH'S SATURDAY NIGHT TALKS

By the REV. ROY L. SMITH, D. D.
Pastor Simpson M. E. Church, Minneapolis

THE ART OF PUTTING IT OVER

No man ever discovered a big idea and undertook to market it who did not discover several others who thought of it first but never put it over. It is not enough to have an idea. The world is no better off for the thinking of some men because they do not have the ability to make their ideas take concrete form.

John Fitch, a poor Connecticut farmer's son, invented the first steamboat twenty years before Fulton put his vessel on the Hudson. The Constitutional Convention, at Franklin's suggestion, adjourned one afternoon to see this strange craft proceed under its own power up and down the Delaware. But Fulton gets the credit for it because he put it across.

Other inventors before James Watt had tinkered with the idea of the steam engine, but the little coughing, emaciated instrument maker put the invention across.

Richard Arkwright had at least four rival claimants for the honor of having invented the water frame and Eli Whitney had to defend his invention of the cotton gin against a dozen rivals. But neither Arkwright nor Whitney had any competition when it came to putting the idea into practical use.

The enemies of the late Colonel Roosevelt were accustomed to say that the advocate of the strenuous life did not invent any ideas, issues or causes—that he appropriated popular ideas and made them his own. But at any rate he succeeded in popularizing the thing that vast majorities of the people wanted.

Blessed is the man who knows how to put a good idea in action. He is as important as the man who invents the idea.

The Scandinavians claim that one of their countrymen was first to discover America. But a period of four hundred years elapsed before another man discovered the western hemisphere, published the fact to the world and started the stream of immigration westward.

All hail to the man who discovers a great idea, but blessed is the man who putteth a thing across.

BRAINERD HEADED FOR DISTRICT HONORS

BRAINERD AND CROSBY PLAY IN FINALS TONIGHT

BRAINERD TEAM WINS OVER MOTLEY AND PINE RIVER TEAMS

RAN AWAY WITH PINE RIVER QUINT, 30 TO 6, ALLOWING ONE GOAL

Brainerd won its way to the finals of the district tournament by defeating Motley and Pine River in the preliminaries and semi-finals. After an almost disastrous game yesterday with Motley, Brainerd came back today with vengeance to score a 30 to 6 victory over Pine River, allowing that team but one field goal. Brainerd's opponent is Crosby which scored a 21-18 win over Staples this morning.

The games so far are as follows:

Preliminaries

Brainerd 20, Motley 18 (extra period game).
Pine River 21, Aitkin 16.
Crosby-Ironton 34, Little Falls 16.
Staples 19, Wadena 18.

Semi-Finals

Brainerd 30, Pine River 6.
Crosby-Ironton 21, Staples 18.
Brainerd had a big scare in the first game, played at 3 o'clock Friday. After leading 15 to 4 at the first half, the team got over-confident and played loosely. Motley came back strong in the second half, and in a few minutes threw the Brainerd team into a frenzy by tying them. The score at the end of the regular playing period was 18 to 18. Brainerd scored early in the overtime period and held the advantage.

Pine River Beats Aitkin

In the second game of the tournament, Pine River won from Aitkin 21 to 16. Aitkin's defense was full of holes, and Pine River should have won from their opponents by a top-heavy score, but missed many shots from under the basket. Pine River scored several long shots from the middle of the floor.

Crosby Has Walkaway

Crosby-Ironton defeated Little Falls by a big score last night, in the first game of the evening, by a 34 to 16 score. Crosby, playing on its home floor, displayed a perfect big-floor offensive.

Staples Noses Out Wadena

In the last game of the first round of play, Staples nosed out Wadena in a tight game, 19 to 18. Staples led throughout the game, the score being 10 to 1 at the quarter, 13 to 4 at the half, 16 to 10 at the third quarter, with Wadena coming back strong in the second half. With 5 seconds to go, the score was 18 to 18, when a Wadena man committed a foul, and Dower of Staples made the throw good just as the gun sounded for the end of the game.

Brainerd Swamps Pine River

Redeeming themselves for their inferior play against Motley, Brainerd took Pine River into camp by a 30 to 6 score, allowing Pine River but one field goal, the Brainerd guards being well-nigh impregnable. Whitlock and Marshall were the big scorers.

Staples Loses to Crosby

Crosby, after leading 16 to 8 at the half, let down in their defense and permitted Staples to get the lead in the second half before Crosby could get another point, but Crosby came back again to win, 21 to 18. Black, Bryson and Marlin of Staples all went out of the game on fouls. With both Crosby and Brainerd basketball fans in a mad enthusiasm for their teams, the tournament authorities are preparing for the biggest crowd in the history of the range, when these teams meet tonight in the finals of the tournament. The winner will play in the regional tournament at Alexandria next week.

St. Louis—The Drake university five demolished Washington university five here last night 40 to 19.

Missouri 24, Nebraska 22
Columbia, Mo.—By a score of 24 to 22, Missouri last night defeated Nebraska.

MINN. GOPHERS 31 WISCONSIN U. 10

Minneapolis, March 6.—(UP)—Wisconsin fell before the onslaughts of the Minnesota Gophers 31 to 10 in a western conference basketball game.

Minnesota found the basket early and piled up a commanding lead from the start. Captain Roney of the Gophers contributed 10 points to his team's total.

HOPING TO RESTORE PRESTIGE OF OUR TENNIS

PLANS MADE TO CAPTURE WIGHTMAN CUP OF ENGLAND

LATTER, IN ITS LINE, STANDS AS HIGH AS DAVIS CUP HERE

By HENRY L. FARRELL
(United Press Staff Correspondent)
New York, March 6.—Hoping to restore some of the slipping prestige of American tennis, officials of the United States association are concentrating on plans to bring the Wightman cup back from England this summer.

The Wightman cup represents to British and American women players what the Davis cup does to international men's doubles tennis and the American stars have not been very successful since the cup was placed in competition several years ago.

The team that is to be sent to England will be headed by Miss Helen Wills, the national champion, who is now in France. The other players have not been named officially, but it is likely they will be Miss Elizabeth Ryan, who played in England for more than 10 years, and Miss Mary K. Browne, the California golf-tennis star.

Miss Ryan and Miss Browne have been approached by members of the association with a tentative invitation and have accepted, it was learned today.

Not only is Miss Browne willing to make the trip but she wants to go next month so that she can become thoroughly acclimated before the matches start.

Officials of the association believe that the chances for a victory are of the very best with a team including Miss Wills, Miss Ryan and Miss Browne and it is likely that Mrs. Molla Mallory, former champion, will be added.

Mrs. Mallory did not distinguish herself last season, but she is still a fine player and is especially valuable for team play because of her long international experience.

The players will all compete in the British championships at Wimbledon where Miss Wills may meet Mlle Lenglen, the French queen, in their second match.

TOMMY MILTON TO RETIRE FROM AUTO RACING

JUMPS ON THE BRAKES OF RACING CAREER, STARTLING SPORT WORLD

IS THE ONLY HUMAN WHO TRAVELED 156.04 MILES AN HOUR

Miami Beach, Fla., March 6.—(UP)—Tommy Milton, the fastest man in the world, has jumped on the brakes with the announcement of his retirement from automobile racing.

He is the only two time winner of the 500 mile race at the Indianapolis motor speedway, the only human who has officially traveled 156.04 miles an hour, holder of countless records.

His announcement of retirement, coming as a complete surprise, was made while he was vacationing here, following a record breaking race at Fullerton.

In 13 consecutive years of racing, Milton has not missed one event, except contests held while he was a patient in a hospital following a smash-up on the track. He is 31 years old, married, the father of Tommy, Jr., and makes his home in Beverly Hills, Calif.

Milton will immediately associate himself in business with Carl G. Fisher one of the owners of the Indianapolis motor speedway and a pioneer developer in Florida.

Wisconsin Wins from Michigan in Hockey

Madison, Wis.—Wisconsin defeated Michigan in the second of their two game series in hockey here last night, 1 to 0. Wisconsin won the first game Thursday.

JOHN FREBERG TO MEET JACK TAYLOR HERE

HEAVYWEIGHT WRESTLERS TO HAVE DECIDING BOUT IN BRAINERD

CONDUCTED UNDER MOOSE AUSPICES, MARCH 15 AT NEW PARK THEATRE

John Freberg, Swedish champion wrestler, will meet Jack Taylor, of Winnipeg, Canadian champion, in a deciding bout at the New Park theatre here on Monday, March 15, under the auspices of the local Moose lodge.

Jack Taylor was determined upon as the opponent for Freberg at the meeting of the committee last night. These men have each a bout to their credit, and the match here will be in the nature of a rubber.

Both men are well known wrestlers in the heavyweight class, and local fans will see a great contest when these men get together. Freberg has consented to rule out the leg split hold, and as a result, fans who come may be assured of perhaps an hour and a half of good mat work.

Preliminaries are being arranged for the evening. This part of the event is being handled by Tommy Walsh.

IDLE DEMPSEY GETS NO BOUTS IN CHICAGO

ANDY WEISBERG, SOUTH BEND, IND., CARRIES \$100,000 CHECK

GOT NO FURTHER PUTTING ON MATCH THAN OTHER 3 PROMOTERS

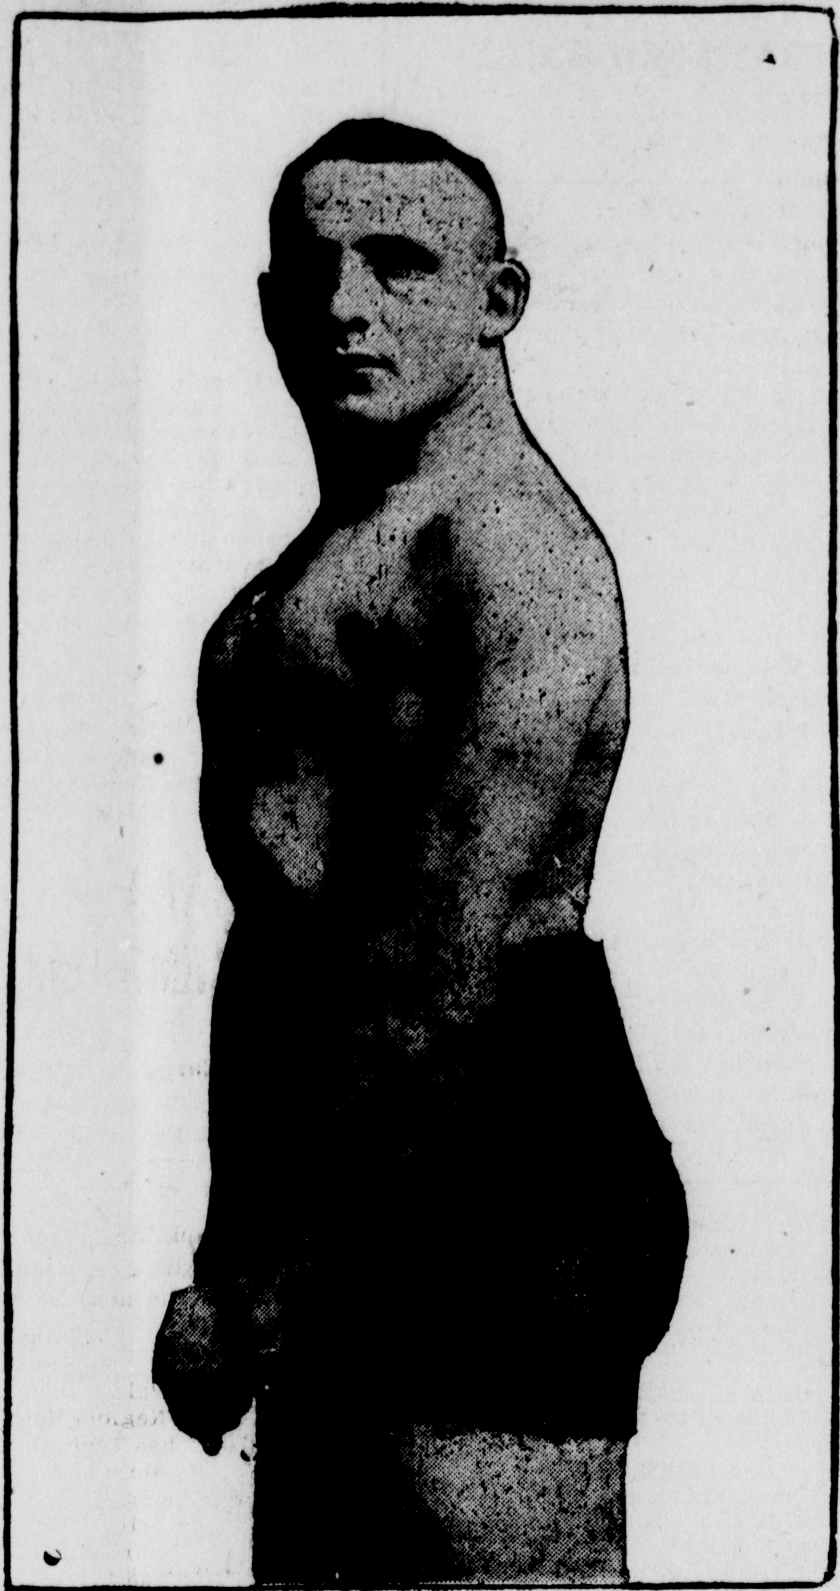

Chicago, March 6.—(UP)—Jack Dempsey, the world's ring-idle heavyweight champion, leaves here tonight after spending a couple of days roaming around Chicago and talking to promoters, who failed to do any promoting as far as getting back into a ring goes.

Four of these promoters presented their cards to Jack, during his stay here. One of them, Andy Weisberg of South Bend, Ind., had as his badge of admittance a certified check for \$100,000, but he did not do any promoting either.

The other three, Frank Flounoy, who used to work with Tex Rickard in New York; B. E. Clements, who said he represented the Coliseum here, and Floyd Fitzsimmons, got into Dempsey's hotel suite, but as far as is known did not get any further.

Fitzsimmons is the only man alive who claims to have Jack Dempsey's

WILL WRESTLE CANADIAN CHAMP HERE MARCH 15

JOHN FREBERG

name on the same piece of paper with Harry Wills.

About the only answer the promoters got, it was said, was Dempsey's famous "I'll fight anyone or Harry Wills just as soon as the promoters make suitable terms."

Strickler Elected Captain

West Point, N. Y.—Dudley G. Strickler, Middleton, Ind., was elected captain of the 1926 Army basketball team and Mark K. Lewis, Maple Grove, N. J., was named captain of the hockey team.

Rocky Kansas Stopped Jacks

Tampa, Fla.—Rocky Kansas, a lightweight champion, stopped Freddy Jacks, England, in the sixth round. The referee stopped the bout to save Jacks.

Additional Sports on Page 8

JOHN MCGRAW AS AN ORACLE

By HENRY L. FARRELL

(United Press Sports Editor)

New York, March 6.—In recent years John McGraw has been somewhat of an oracle in calling the results of the National league pennant races.

He went wrong in picking the New York Giants to win the championship last year but he was one of the very few who called the Pittsburgh Pirates to cop the pennant if the Giants failed.

Last spring the majority of the experts were tagging the Brooklyn Robins as the runner up in the National league and the Philadelphia Athletics in the American league.

McGraw dissented.

"The Pirates are the club that we will have to beat in our league," he said, "and the Athletics are being overrated in the American league. The Pirates have every requirement of a great club and all they need is to find it out. The Athletics haven't the speed and the experience necessary for a championship club."

That's a good average for any picker considering that deductions cannot be arrived at by ordinary methods where the luck factor is so prominent.

The Giant manager certainly could not have foreseen that his club would be wrecked with injuries during the entire season and if he had known that Stan Coveleskie and Dutch Reuther had such good seasons in them they might not have been landed by the Washington club.

Commenting upon the coming pennant race, McGraw again differs with the experts who are almost unanimous in picking the Pittsburgh Pirates to win another championship.

McGraw does not say that the Pirates will not finish first again and he does not pick his Giants to get back into the world's series but intimates as much.

"The Pirates," he said recently, "are a great ball club, a fine fielding and hard hitting club but it is weak in pitching."

He rather boasted, in comparison, that his club had the best pitching staff in ten years and he is entitled to boast of it because poor pitching has turned his thatch white since the war.

There are a number of smart baseball men who like the chances of the Cincinnati Reds but McGraw thinks the St. Louis Cardinals are not only stronger than the Reds but are the club that may be the dark horse of the race.

"Cincinnati has to depend too much on Luque, Rixey and Donohue and it hasn't the punch necessary to carry a club through a hard race. Luque may not have a good year. He's one of these 'off-year' pitchers and the operation he had to undergo during the winter may not hurt him but it will do him no good."

McGraw is not the only manager watching the Cardinals and if baseball had such a thing as a winter book a ticket on Rogers Hornsby's boys might not be a bad gamble.

Let it be fine

\$50,000 BOND SALE MONDAY

Local Lodge Offers Ten-Year Gold Bonds to be Used For New 3-Story Building

\$100 AND \$500 DENOMINATIONS
Payment May be Cash or Installments, Preference to Cash Orders if Over-Subscribed

The Elks building fund campaign for the sale of \$50,000 worth of bonds will start on Monday, March 8, when a number of members of the local Elks lodge will turn bond-salesmen and offer to the Brainerd public for subscription an issue of 5 percent, ten year gold bonds in denominations of \$100 and \$500.

The money realized from the sale of this issue will be used in connection with the building of the Elks' building at the corner of 6th and Laurel streets. The building is to be a three-story solid brick structure, and as near fireproof as a building can be made for the amount to be expended.

The bonds are dated April 1, 1926, and are due April 1, 1936, with interest payable semi-annually, April 1 and October 1, at the office of the treasurer in Brainerd, or in Minneapolis or St. Paul exchange, when so requested.

Included in the bonds is a "callable clause," which will permit the Elks lodge to take up at any time before maturity, on any interest paying date, the whole or any part of the issue at 105, five points above par, plus accrued interest.

Payment of the bonds may be cash in full, with interest starting at once at 5 percent, or by payments, 20 percent on signing of application, and 20 percent on April 1, May 1, June 1, and final payment on July 1. Interest will start as soon as the bond is paid in full.

At first the lodge planned to confine the sale of these bonds to its own members, but many non-members expressed a desire to participate and the committee determined to open it to the public. With the comparatively small amount to be raised the issue will no doubt be subscribed early. The committee reserved the right to pro-rate the amount of the subscription, in case of over-subscription, with preference given to cash subscriptions over payment plan orders.

In another part of this paper is a display advertisement calling attention to details of the issue. It may be well to point out here, however, some of the salient points of the campaign.

The cost of construction of the proposed building will be \$125,000, while the value of the real estate lots is placed at \$35,000, free from all incumbrances. Besides this, the lodge has on hand certificates of deposit amounting to \$8,000, and \$2,000 due from the secretary for dues, April 1, making a total investment of the lodge amounting to \$170,000, with a trust company loan on the building amounting to \$75,000. In consequence, the security back of the \$50,000 bond issue offered to the Brainerd people is in the neighborhood of \$95,000. The lodge also has furniture and club room fixtures valued at \$2,500, plus whatever salvage may be secured from the two-story brick building and the two-story frame building now on the lots.

The ground floor of the new building will be used for business purposes, with the second and third floors to be used as Elks' lodge and club rooms, together with about 30 rooms finished for rental. The entire building is planned to be revenue-producing, as the lodge itself will also pay into the building fund all monies received from all sources, less the actual expense in connection with the operating of the lodge and the per capita tax.

The building committee is composed of nine influential men of this city, and includes H. P. Dunn, chairman, Wm. V. Turcotte, J. J. Nolan, J. J. Cummins, secretary, R. R. Gould, Dr. A. K. Cohen, Dr. J. A. Thabes, B. L. Lagerquist, treasurer, and O. A. Peterson.

Card of Thanks

We hereby express our heartfelt thanks to Rev. Wilho Ranta for his comforting words and sermon, also Brainerd M. W. of America No. 2337, boys of the Brainerd Foundry Co., Brainerd Finnish Lutheran church, A. O. U. W. lodge No. 47, Kettle River school and friends for the beautiful floral offerings; also our many friends and kind neighbors for their many acts of kindness and words of sympathy during the sudden death of our beloved husband and father.

LUTHERAN TEAM BANQUET

Junior Basketball Champions Are Guests at Feast Friday Evening

The Lutheran Junior basketball team, champions of the younger division of the Sunday school league, was entertained at a banquet in the church last evening, those entertaining and preparing the feast being Carl Anderson, superintendent of the Sunday school, and Miss Thelma Reis.

The banquet was in recognition of the fine work and spirit shown by the boys in playing their games. The boys present were Gerald Halvorson, captain, Elian Wade, Otto Dahl, Alfred Erickson, Alvin Antonson, Howard Halvorson, Jimmie Heikkinen, and Wilfred Anderson. Two boys were unable to attend, John Dahl, who was sick with a severe cold, and Lester Peterson, who was absent from the city. Willard Heikkinen, coach, was also absent.

The menu consisted of sugar baked ham, escalloped potatoes, baked beans, pickles, jelly, rye bread, parkhouse rolls, fruit jello salad, ice cream, cake and coffee.

During the course of the evening, the boys formed plans for putting a kittenball team in the field this spring, electing Gerald Halvorson as captain of this team also. The boys spent part of the evening, following the dinner, in singing songs, and all departed after having enjoyed a pleasant evening.

Others who were present at the banquet included Mr. and Mrs. M. J. Reis, Rev. J. R. Michaelson, Mrs. Rebecca Michaelson, Mr. and Mrs. Alfred Dillan, Mr. and Mrs. Carl Anderson, Miss Margaret Anderson, Miss Thelma Reis, and Charles Ellison.

LOWELL FROLIC COMING SOON

Plans Are Being Made For Big Event at the Lowell School

COMMITTEE CHAIRMEN NAMED
Fish Pond, Lunch, Candy, Ice Cream And Fortune Telling Booths

Plans are progressing nicely for the second annual Lowell Frolic, to be held Friday, March 12 at the Lowell school. The Frolic is sponsored by the Lowell Parent-Teachers association.

The general committee in charge of arrangements is composed of Mrs. A. C. Shepherd, chairman; Mrs. J. H. Strickler and Mrs. F. M. Kelly. The program is in charge of Mrs. Jas. Crust, chairman, and Mrs. W. C. Rasch. The luncheon booth will be in charge of Mrs. J. H. Herbert, who will be assisted by the boys of the school, while the candy booth will be presided over by Mrs. F. G. Dreiling, assisted by the girls of the school. Mrs. L. A. Schiel will preside at the fortune telling booth. The fish pond will be in charge of Mrs. A. Zimmerman. There will also be an ice cream parlor. Mrs. Elmer Forsberg has charge of the decorating.

Additional names will be added to each of these committees and they will be published on Tuesday.

Attention U. O. A.

Members of the United Order of Americans are requested to meet on Monday afternoon at 2 o'clock at 819 South Sixth street to attend the funeral of our late Sister Josephine Hallquist.

By order of President Mrs. K. O. Connor. It

Drama League Meets

The Drama League will meet Monday afternoon at the home of Mrs. J. A. Thabes, 415 Holly street. Mrs. Henry I. Cohen will read "The Enemy" by Channing Pollock.

LEGION BANQUET

A FINE SUCCESS

Visitors From Little Falls And Long Prairie Guests of Legion And Auxiliary

100 ATTEND AT M. E. CHURCH
30 Women, 8 Men Initiated Into Organizations at Ceremony Following Banquet

One of the finest dinners ever held by the local post of the American Legion and Auxiliary was attended by 100 people Thursday night, when the ladies' aid of the First Methodist church served a splendid banquet in the dining hall of the church.

Visiting guests from out of the city included Mrs. A. E. Amundsen, of Little Falls, state activities chairman of the auxiliary, Mrs. C. A. Lewis, a gold star mother of Long Prairie, district chairman of the sixth district auxiliary, Mrs. Weitzel, president of the auxiliary of Little Falls, Mrs. U. Gibson, Mrs. A. Simonet, Mrs. E. W. Kalther, and Mrs. A. C. Gierok, all of Little Falls, and C. A. Lewis, of Long Prairie.

Mrs. Lewis spoke on the auxiliary work in the sixth district, giving a number of fine pointers for the work. Mrs. Amundsen, of Little Falls, gave a splendid address on activities work one of the most wonderful talks ever heard here on a subject of this nature. Other speakers included Mrs. Weitzel, who told of the work in Little Falls, and Mrs. Clyde E. Parker, president of the auxiliary of this city, who spoke regarding the work here.

Basil T. Heath, commander of the Carl Sydney Hanson Post of the American Legion, presided as toastmaster, and introduced all the visiting guests individually. He then introduced the most prized treasures of the local post, the two gold star mothers, Mrs. Tomberlin, whose son Sylvester was killed in France, and Mrs. H. Hanson, mother of Carl Sidney Hanson, after whom the local post is named. The entire assemblage arose to honor these mothers when the toastmaster introduced them.

After singing patriotic songs, the meeting adjourned to the Chamber of Commerce rooms, where 30 ladies were initiated into the auxiliary, and eight men were initiated into the Legion. The ladies' auxiliary degree team from Little Falls conducted the initiation for the local auxiliary, while the local post of the Legion put on its own work of initiation.

The decorations for the banquet were red carnations, and after the event, the flowers were sent to the Veterans' hospital at St. Cloud.

During the dinner at the Methodist church, the Arcadian orchestra played, and they also furnished the music for the dance which followed the initiation at the Chamber of Commerce.

Special Election

The Little Citizens league of the Whittier school had a special election Friday, March 5. David Weber was our president last year and he won by a large majority in this election. James Richards was elected vice president, Albert Olson was re-elected secretary. Miss Barrett's room of the Whittier school has started dismissing themselves. We appoint sentinels and leaders. The sentinels duty is to be at the back of the line and when the people are facing the front and the lines are straight the sentinels give the leaders the order to pass. The leaders duty is to see that the lines are lined up in the hall. In our meeting we decided to keep on dismissing ourselves.

Harrison P. T. A.

The regular monthly meeting of the Harrison Parent-Teacher association will be held Monday evening, March 8, at 7:30 o'clock.

Following is the program, arranged by the committee in charge:

Vocal solo—Mrs. John H. Krekelberg.
Talk on the care of teeth—Dr. Ribbel.

Flag drill—Upper grade girls of Harrison school.

Reading—Mrs. Molgren.

Demonstration—Campfire girls.

Address—Attorney Walter F. Wieland.

BENSON GARAGE BEING REMODELLED

Show Room Enlarged, Plate Glass Windows Set in, New Cement Floor Laid

LAKE REGION CO. NEW HOME

Will Provide Ample Space for New Company Handling Overland Cars in Brainerd

The Benson Auto Co. garage on West Laurel street is being remodelled into a display room and home for the Lake Region Motor Co.

The show room has been enlarged to about twice its former size, and a cement floor is being laid. A large plate glass window will be set along the room on the Laurel street side, and the window on the Fourth street side lowered so as to give a fine display.

The Lake Region Motor Co. is a new company handling the Overland automobile. The repairs will be completed within ten days, it is estimated.

Thompson Bros. and Clausen have the contract for making these alterations.

tra played, and they also furnished the music for the dance which followed the initiation at the Chamber of Commerce.

Traveling Companions

A good, friendly bank is a mighty helpful companion to take along on your journey through 1926.

Let us plan with you, work with you, and help you go forward to bigger things in 1926. We invite you to talk over your plans with our officers.

CITIZENS STATE BANK

OF BRAINERD

Oldest State Bank in Crow Wing County

1889 1926

At Hall's

One Baby Grand Piano, old reliable make, slightly shop worn, sells regularly at \$1165. Will make a very special price to any one who has enough musical ability to really appreciate the advantage of an instrument of this caliber.

Hall Music House

Everything is Progressing Nicely

Mr. and Mrs. Gates are still in the Eastern Markets and will have many new things to show when our store is opened in a short time.

Alterations are progressing rapidly and our store will be ready to receive the new goods when they arrive. The store, fixtures and goods will be sure to please you.

E. F. GATES

\$50,000.00

Benevolent and Protective Order of Elks of Brainerd Lodge No. 615, Brainerd, Minn.,

Offer Elk's Building Fund 5% Ten Year Gold Bonds at Par
Dated April 1, 1926 Due April 1, 1936

Principal and interest payable in United States gold coin of the present standard of weight and fineness.

Interest payable April 1st and October 1st, at par, at the office of the Treasurer at Brainerd, Minnesota, and in Minneapolis or St. Paul exchange, when requested.

Bonds to be issued in denominations of \$100 and \$500 only, callable on 60 days' notice as a whole at any time or in part on any interest paying date at 105 (five points above par) plus accrued interest.

Purpose of Issue

The entire amount of this issue to be used in connection with the building of the Elks' Building, at the corner of Sixth and Laurel Streets, in the City of Brainerd, Minnesota, and to be used only for building purposes.

The Elks' Building will be a three-story solid brick structure, and as near fire-proof as a building can be made for the amount to be expended.

The lower, or first floors, to be used for business purposes, the second and third floors to be used as an Elks' Lodge and Club Rooms, together with about 30 rooms finished in high-class manner to be rented out for revenue.

The entire building will be revenue producing. The Lodge itself will pay into the Building Fund all monies received from all sources, less the actual expense in connection with the operating of the Lodge and the per capita tax.

Cost of and Value of Proposed Building

Cost of Construction	\$125,000
Value of Real Estate Lots (Free of All Encumbrances)	35,000
Cash on Hand and Due from Secretary	10,000
Total Investment of the Lodge	\$170,000
Trust Company Loan on Building	75,000
Security Back of \$50,000 Elks' Bonds	\$ 95,000

Personnel of Members of the Building Committee

H. P. Dunn, Chairman, Merchant	R. R. Gould, Past Exalted Ruler, Real Estate
W. V. Turcotte, Past Exalted Ruler, Merchant	Dr. A. K. Cohen, Past Exalted Ruler, Dentist
J. J. Nolan, Past Exalted Ruler, Government Employee	Dr. A. J. Thabes, Exalted Ruler-elect, Physician and Surgeon
J. J. Cummins, Secretary, and Past Exalted Ruler	B. L. Lagerquist, Treasurer, Banker
	O. A. Peterson, Merchant

General Information

The Brainerd Lodge of Elks, No. 615, has a membership of approximately 480, composed of some of the most influential business and professional men of the community and surrounding territory. Its business is handled in a business-like manner and has assets of some \$45,000, plus about \$2,500 of furniture and club room fixtures, etc.

Plus any salvage from the two-story brick building and two-story frame building facing on Sixth Street, on the proposed site of the new building.

The Building Committee holds weekly meetings, and have gone into the construction of this building very carefully. All rentals have been decided on after careful survey of other buildings, and have been put down at a conservative figure.

All items of expense in operation, interest charges, depreciation, etc., have been set up at the maximum figure in order that the net amount of income will be large enough to retire a certain number of bonds each year.

The location of the Elks' Building is ideal, and occupies the Corner of Sixth and Laurel Streets, at the junction of State Highway 27, 19 and 2 (this Highway to be paved with cement from Twin Cities to Brainerd this year), and is considered the best business corner in the very heart of the business section.

Terms of Purchase

Cash Payment in full, which draws interest at 5% from date of receipt by Building Committee.

Payment Plan: 20% down upon signing application for Bond, and 20% on April 1st, May 1st, June 1st, and final payment July 1st, 1926. No interest allowed until bond is paid in full.

Bonds to be ready or Interim Certificates issued by April 1st, 1926.

Conclusion

Inasmuch as there is a small amount of bonds to be sold, we would suggest and urge everyone to immediately subscribe the amount of Bonds they desire to purchase. Cash with your order will draw interest upon receipt by the Committee, and will be given preference over payment-plan orders, in case there is an over-subscription.

The Elk's Building Committee

Address all communications to Brainerd, Minnesota.

GREAT ATHLETES IN ACTION AT THE CHICAGO MEET

TRACK AND FIELD STARS AS- SEMBLE FOR COMPETITION TONIGHT

HOFF, HOUBEN, MURCHISON,
WILLIE RITOLA AMONG
GALAXY

By BERT M. DENBY
(United Press Staff Correspondent)
Chicago, March 6. — Chicago to-
night will look at the greatest col-
lection of athletes it ever has seen
when the leading track and field
stars of the game will assemble for
competition in the national indoor
A. A. U. track and field meet.

Brought here for the first time in
history for this year's meet will see
some of the greatest stars of all
time in action. Charles Hoff, whose
pole vaulting activities have caused
the record book to be changed sev-
eral times within the past couple of
months, will enter in his event.

Another foreigner, Adrian Houben,
young Hollander, who came over with
a wonderful record, only to ex-
perience a series of setbacks, and
then quit racing to learn to run on
a board track, is said to be able to
step over the boards now. Houben
is entered in the 600 yard run with
Marsters, former Georgetown man,
Pinky Sober of New York City col-
lege, Ray Dodge of the I. A. C.,
Fitch of Illinois and Phillips of But-
ler, a real array of stars.

Loren Murchison, the fastest man
now in competition, will face some
good men but should win the dashes,
if a recently injured leg does not
bother him. De Hart Hubbard
should push him closely and Cecil
Coaffee, a team mate, A. Leoney
and Chester Bowman are all capable
of winning.

Willie Ritola will probably win
his favorite, the two mile steeple
chase. Opposed to him will be
Church Melhorn, American marathon
champion, and Emil Krogh, both of
the I. W. C.

Harold Osborne, present high
junior, should add several points to
the I. W. C. team total in the jump
and hurdles.

The I. A. C., Chicago A. A., Armour
Tech, Lombard and the University
of Chicago may furnish some thrills
in the relay.

John Kuck of Kansas may furnish
some trouble for others entered in
the shot put.

Winners of the various events
will receive gold medals emblematic
of the championship of the United
States. Regulation silver and bronze
medals will go to second and third
place winners.

A cup will be awarded to the
team garnering the most points.

Erin Ward Back in Field
St. Petersburg, Fla. — With Erin
Ward back in the field, Bob Meusel
is the only Yankee veteran who has
not signed a contract. Ward was
promised a raise if he succeeds in
getting back his job at second base.

Lawrence 32, Carroll 26
Appleton, Wis. — Lawrence college
defeated Carroll college in a bas-
ket ball game 32 to 26 here last
night.

Wisconsin 44, Notre Dame 42
Madison, Wis. — Wisconsin defeat-
ed Notre Dame here last night in a
dual meet, 44 to 42.

Conversation Crook
Police are baffled by what they term
a "conversation crook," who has been
working quite successfully in and
about Paris lately. The crook, police
claim, rides in busses and cars, lis-
tens to private conversations and acts
upon them. He heard one man say
he must not forget to have a man call
for his dining-room table to be re-
paired. The crook got away with the
table.

Antedated "Jazz"
"Blue" songs had a vogue in the
southern central states many years
before jazz was known. The nature
of the song is all that the name im-
plies and is in the same category as
the "spiritual" and the "jubilee" heard
so frequently through the South.

LIVESTOCK, PRODUCE GRAIN AND BONDS

CHICAGO LIVESTOCK

Chicago, March 6. — (By U. S. De-
partment of Agriculture—HOGS—Re-
ceipts, 7,000. Market: Lights strong,

No. 1, to arrive, \$2.19½.

RAILROAD LIST IS STRONG

New York, March 6. — (UP)—Trad-
ing operations of the week end ses-
sion witnessed a resumption of the
downward movement thwarted by the
conspicuous strength of the railroad
list. Selling went ahead among the
industrials with Ward Baking B.,
Foundation Company and several other
specialties under fire.

Pressure was lifted from this sec-
tion of the market following the de-
velopment of a demand for railroads

with Chesapeake & Ohio and Nickel
Plate leading.
The market closed irregular.

Fish's Sense of Smell

To determine whether fish have a
sense of smell, carp were blindfolded
at the Zoological Institute at the Uni-
versity of Munich, in Germany. It
was found that the fish refused to eat
bits of meat boiled to extract every
trace of odor, but when a similar
piece of meat was sweetened the carp
snapped it up greedily.

Billions for Food

According to a statement published
by the marketing division of the In-
ternational Magazine company of New
York, in the American Food Journal,
the annual value of all food consumed
in the United States is \$23,000,000,000,
including profits and margins. Of this
\$15,000,000,000 is home consumption,
\$4,000,000,000 is used in hotels, restau-
rants, etc., and the remaining \$4,000,-
000,000 is both produced and con-
sumed by rural families.

Himself His Own Hobby

A man came so frequently under the
surgeon's manipulations at a London
hospital that he made a hobby of col-
lecting himself, in glass jars and bot-
tles. Starting with tonsils, he went
on with molars and such components,
until he had filled a shelf with "spare
parts" carefully dated and described.

Nothing Doing

"Why don't you get married?" "Be-
cause we can't get any house or flat!"
"But can't you live with your parents-
in-law?" "No, because they are still
living with their parents-in-law."—
Munich Megendorfer Blaetter.

SON OF WEALTH, CALLED 2ND GERALD CHAPMAN, GET 12-YEAR SENTENCE

Edward G. Dillon, regarded in
St. Louis where he belongs to a
wealthy family as another Gerald
Chapman, was sentenced recently
in New York to serve from 6 to 12
years in Sing Sing. With Jack
Hardman, also of St. Louis, he was
convicted of holding up a restaur-
ant in the Greenwich Village sec-
tion of New York City.

Mistaken Identity

A Hot Springs woman was charged
with assaulting a collector when he
called at her house. When asked by
the magistrate for an explanation, she
replied: "Well, he shouldn't have
called after it was dark. I thought it
was my husband."—Arkansas Thomas
Cat.

READ THE WANT ADS DAILY

Honor Belongs to Morris

Robert Morris was America's first
financier. In May, 1781, Morris pre-
sented to congress the plan for the
Bank of North America, the first bank
for general purposes in the United
States. The financial operations inci-
dent to the achievement of independ-
ence during the Revolutionary war
were chiefly carried on by Robert
Morris.

His Name Perpetuated

The humorous slang phrase, "to
bant," meaning dieting with the pur-
pose of losing weight, originated in
the making of a verb from the name
Banting. Banting was the advocate
of such a system, which bears his
name.

CITATION FOR HEARING ON FINAL ACCOUNT AND FOR DIS- TRIBUTION

No. 2813
State of Minnesota, County of Crow
Wing, ss., in Probate Court.
In the matter of the estate of George
H. Gardner, Decedent.
The State of Minnesota to all persons
interested in the final account and dis-
tribution of the estate of said decedent:
The representative of the above named
decedent, having filed in this Court her
final account of the administration of
the estate of said decedent, together
with her petition praying for the adjust-
ment and allowance of said final ac-
count and for distribution of the residue
of said estate to the person thereunto
entitled.

Therefore, you, and each of you, are
hereby cited and required to show
cause, if any you have, before this
Court at the Probate Court Rooms in
the Court House in the City of Brainerd,
in the County of Crow Wing, State
of Minnesota, on the 15th day of March,
1926, at ten o'clock A. M., why said
petition should not be granted.
Witness, the Judge of said Court, and
the Seal of said Court, this 19th day
of February, 1926.

L. B. KINDER, Judge of Probate.
F. E. FERNER, Attorney for Petitioner. 2213Sat

Every-day Magic

Chairs that flop into beds . . . bags that suck up
dirt . . . tiny ticking things that count all day long
for you. Daylight any night just by pushing a button. A
stream that never stops till you turn off a faucet. Any
voice you want, talking to you from a cage on your desk
or wall. Actions of yesterday, of people miles away, go-
ing on on a curtain before you. Stilled throats singing to
you from discs; distant throats singing to you from
nothing!

Uncanny daily magic—this, due to national advertis-
ing. Advertisements have given you flashlights, tele-
phones, typewriters, automobiles, cold creams, motion
pictures. They have given you new eyes, new ears, new
hands, new feet, new faces, new emotions. They have
urged such a wide use, so lowered prices, that almost
wishes are autos, almost beggars can ride. Through ad-
vertisements you've laid down the shovel and the hoe.
You can buy a whole harvest ready-to-eat in cans.
You've hung up the fiddle and the bow, for a radio.
There's little old-time work left in this age of amazing
short-cuts.

Read the advertisements. They keep you to
the fore of modern life
